**Faculty Position in Cancer Biology**

Children’s Research Institute (CRI) at the University of Texas Southwestern Medical Center in Dallas, TX seeks applications for a **tenure-track faculty position in the area of cancer biology**. Outstanding investigators at any rank will be considered. Appointment rank will be commensurate with academic accomplishments and experience. Candidates must have a Ph.D., M.D. or equivalent degrees and the ability to direct an independently-funded research program exploring any aspect of cancer biology, including pediatric and adult cancers.

UT Southwestern Medical Center has a long and distinguished history of excellence in disease-related basic science research. CRI is recruiting outstanding individuals dedicated to solving fundamental problems in biology and disease. CRI is a dynamic and highly collaborative scientific environment. Major areas of focus within CRI include stem cell biology, cancer biology, and metabolism.

Please apply [here](#) and upload a 2-page summary of past accomplishments and research plans, along with your CV. Please have three references to submit their letters to CRIApplicants@utsouthwestern.edu by November 1, 2020.
