

## **Faculty Position in Cancer Biology**

**Children's Research Institute (CRI) at the University of Texas Southwestern Medical Center** in Dallas, TX seeks applications for a **tenure-track faculty position in the area of cancer biology**. Outstanding investigators at any rank will be considered. Appointment rank will be commensurate with academic accomplishments and experience. Candidates must have a Ph.D., M.D. or equivalent degrees and the ability to direct an independently-funded research program exploring any aspect of cancer biology, including pediatric and adult cancers.

UT Southwestern Medical Center has a long and distinguished history of excellence in disease-related basic science research. CRI is recruiting outstanding individuals dedicated to solving fundamental problems in biology and disease. CRI is a dynamic and highly collaborative scientific environment. Major areas of focus within CRI include stem cell biology, cancer biology, and metabolism.

Please apply online and submit a CV, a 3-page summary of past accomplishments and research plans, and three reference letters [here](#) (Job ID 576982) by November 1, 2021. For general questions only, please email [CRIApplicants@utsouthwestern.edu](mailto:CRIApplicants@utsouthwestern.edu).

UT Southwestern Medical Center is committed to an educational and working environment that provides equal opportunity to all members of the University community. As an equal opportunity employer, UT Southwestern prohibits unlawful discrimination, including discrimination on the basis of race, color, religion, national origin, sex, sexual orientation, gender identity, gender expression, age, disability, genetic information, citizenship status, or veteran status.
