

## **Faculty Position in Stem Cell Biology**

**The Children's Research Institute (CRI) at the University of Texas Southwestern Medical Center** in Dallas, TX seeks applications for a **tenure-track faculty position in the area of stem cell biology**. Outstanding investigators at any rank will be considered. Candidates must have a Ph.D., M.D. or equivalent degrees and the ability to direct an independently-funded research program exploring any aspect of stem cell biology, irrespective of whether it relates to pediatric or adult conditions.

The UT Southwestern Medical Center has a long and distinguished history of excellence in disease-related basic science research. The CRI is recruiting outstanding individuals dedicated to solving fundamental problems in biology and disease. The CRI is a dynamic and highly collaborative scientific environment. Major areas of focus within the CRI will include stem cell biology, cancer biology, and metabolism.

Please apply online and submit a CV, a 3-page summary of past accomplishments and research plans, and three reference letters [here](#) (Job ID 482859) by November 1, 2021. For general questions only, please email [CRIApplicants@utsouthwestern.edu](mailto:CRIApplicants@utsouthwestern.edu).

UT Southwestern Medical Center is committed to an educational and working environment that provides equal opportunity to all members of the University community. As an equal opportunity employer, UT Southwestern prohibits unlawful discrimination, including discrimination on the basis of race, color, religion, national origin, sex, sexual orientation, gender identity, gender expression, age, disability, genetic information, citizenship status, or veteran status.
