

Faculty Position in Tissue Regeneration and Stem Cell Biology

Children's Research Institute (CRI) at the University of Texas Southwestern Medical Center in Dallas, TX seeks applications for a **tenure-track faculty position in the areas of tissue regeneration, regenerative medicine, and stem cell biology**. Outstanding investigators at any rank will be considered. Candidates must have a Ph.D., M.D. or equivalent degrees and the ability to direct an independently-funded research program exploring any aspect of tissue regeneration, irrespective of whether it relates to pediatric or adult conditions. Faculty recruited through this mechanism will join CRI's Tissue and Regeneration Program (TRP), directed by Dr. Hao Zhu.

UT Southwestern Medical Center has a long and distinguished history of excellence in disease-related basic science research. CRI is recruiting outstanding individuals dedicated to solving fundamental problems in biology and disease. CRI is a dynamic and highly collaborative scientific environment. Major areas of focus within CRI include stem cell biology, cancer biology, and metabolism.

Apply [here](#) to submit your CV (not a Biosketch), a 3-page summary of your past accomplishments and research plan, and 3 confidential letters of support. The deadline for applications and letters of support is October 15, 2025.

UT Southwestern Medical Center is committed to an educational and working environment that provides equal opportunity to all members of the University community. As an equal opportunity employer, UT Southwestern prohibits unlawful discrimination, including discrimination on the basis of race, color, religion, national origin, sex, sexual orientation, gender identity, gender expression, age, disability, genetic information, citizenship status, or veteran status.

This position is security-sensitive and subject to Texas Education Code 51.215, which authorizes UT Southwestern to obtain criminal history record information.

Appointment rank will be commensurate with academic accomplishments and experience. Consideration may be given to applicants seeking less than a full-time schedule.
